11. Identification of Conflicts of Interest

A conflict of interest involves the abuse - actual, apparent, or potential - of the trust that people have in professionals. A conflict of interest is a situation in which financial or other personal considerations have the potential to compromise or bias professional judgment and objectivity.

An apparent conflict of interest is one in which a reasonable person would think that the professional's judgment is likely to be compromised. A potential conflict of interest involves a situation that may develop into an actual conflict of interest.

It is important to note that a conflict of interest exists whether decisions are affected by a personal interest; a conflict of interest implies only the potential for bias, not likelihood.

It is the formal policy of **TI Brokers (Pty) Ltd** to avoid, as far as possible, all actual and potential Conflicts of Interest.

12. Measures for the Disclosure of Conflicts of Interest

Where **TI Brokers (Pty) Ltd** has considered the circumstances surrounding a possible Conflict of Interest and has determined for reasons that may have arisen at that time, that it is impossible to avoid such Conflict of Interest, **[Name of Provider]** shall at that time take such measures as may be reasonable to mitigate the prejudice to the client.

In circumstances referred to in the paragraph above, **TI Brokers (Pty) Ltd** or its Representative is required to notify the client of the possibility of the conflict and shall disclose full details of the nature of the possible prejudice to the client.

The written notification to the client shall also contain details and reasons why the Conflict of Interest cannot be avoided in the circumstances, and the client shall be asked to confirm in writing that **TI Brokers (Pty) Ltd** may proceed or continue to act in the particular matter, as the case may be.

13. Processes, Procedures, and Internal Controls to Facilitate Compliance with the Policy
